**DETAILED ACTION**

***Response to Amendment***

1. It is noted that applicant has instructed the cancellation of claims 7, 8, 9, 11 and
13. Is claim 12 also to be cancelled?

***Claim Rejections - 35 USC § 112***

2. The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

3. Claim 12 is finally rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention. Claim 12 is dependent on a cancelled claim, and cannot be understood. It is being treated as if it depends from new claim 14.

***Claim Rejections - 35 USC § 103***

4. The following is a quotation of 35 U.S.C. 103(a) which forms the basis for all obviousness rejections set forth in this Office action:

(a) A patent may not be obtained though the invention is not identically disclosed or described as set forth in section 102 of this title, if the differences between the subject matter sought to be patented and the prior art are such that the subject matter as a whole would have been obvious at the time the invention was made to a person having ordinary skill in the art to which said subject matter pertains. Patentability shall not be negated by the manner in which the invention was made.

5. Claims 12, 14 and 15 are finally rejected under 35 U.S.C. 103(a) as being unpatentable over Goldwitz. Goldwitz discloses everything claimed, except the placement of the hooks extending from the bottom of the housing. It would have been obvious to one having ordinary skill in the art at the time the invention was made to place the hooks of Goldwitz on the bottom of the housing, since it has been held that

rearranging parts of an invention involves only routine skill in the art. *In re Japikse*, 86 USPQ 70. Note that each housing half has a hook, at **31, 32**.

### ***Response to Arguments***

6. Applicant's arguments with respect to claims 14 and 15 have been considered but are moot in view of the new ground(s) of rejection. Applicant has overcome the rejections under 35 USC 112, 2<sup>nd</sup> paragraph.

### ***Conclusion***

7. Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire **THREE MONTHS** from the mailing date of this action. In the event a first reply is filed within **TWO MONTHS** of the mailing date of this final action and the advisory action is not mailed until after the end of the **THREE-MONTH** shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than **SIX MONTHS** from the date of this final action.
